Call for Participation

We invite you to join us in **11th International Conference on Image and Signal Processing (ISPR 2025)**

This conference is a forum for presenting new advances and research results in the fields of Digital Image Processing. The conference will bring together leading researchers, engineers and scientists in the domain of interest from around the world. The scope of the conference covers all theoretical and practical aspects of the Signal, Image Processing & Pattern Recognition. Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences.

Highlights of ISPR 2025 includes:

- 11th International Conference on Artificial Intelligence (ARIN 2025)
- 11th International Conference on Data Mining and Applications (DMAP 2025)
- 6th International Conference on Machine learning and Cloud Computing (MLCL 2025)
- 11th International Conference on Networks, Mobile Communication (NMCO 2025)
- 8th International Conference on Natural Language Processing and Trends (NATAP 2025)
- 11th International Conference on Computer Science, Information Technology and Applications (CSITA 2025)
- 6th International Conference on Networks, Blockchain and Internet of Things (NBIoT 2025)
- 5th International Conference of Education (CONEDU 2025)
- 4th International Conference on Emerging Practices in Software Process & Architecture (SOFTPA 2025)
